

# Mrs. Reuter's Resource

## We are learning:

In **Reader's Workshop**, students are using skills to strengthen reading comprehension, predicting, and retelling.

The **Wilson Reading System** is a multisensory reading and spelling program used to support students.

During **Writer's Workshop**, students are learning the writing process as we move through the units of study becoming more fluent writers.

### Math Topics:

- Place Value
- Estimating
- Rounding
- Multiplication/Division
- Exploring Fact Strategies
- Fractions
