## Nature News

Berkley Street School decided to adopt a "pet" to save. The students voted for a Giant Panda. Giant pandas are endangered bears that are "umbrella" species. That simply means if they die, they might be gone from our whole world. Hopefully, with the help of the school, they will not die.

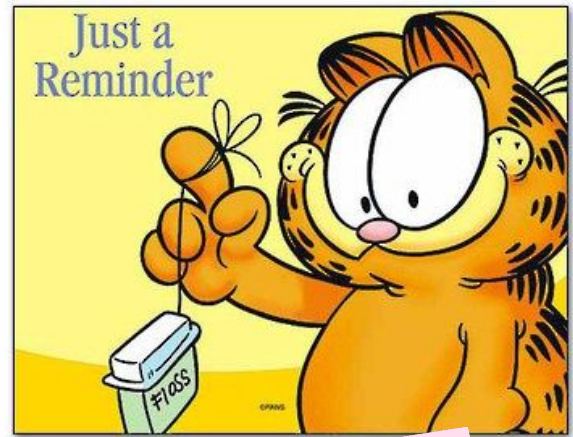

Plastic is very bad for the environment. It can harm animals like a turtle. A plastic bag can get mistaken for a jellyfish and a turtle can swallow it. A plastic water bottle takes 10,000 years to decay into the ground. Stop using plastic and save the environment! We want to save the pandas.

*Do you want to know all the latest NEWS, ADVENTURE, and ADVICE? Well, you're in luck because all you have to do is READ the BERKLEY NEWSPAPER!!!*

### Book Of the Month

The book of the month for this month is *Wonder*. *Wonder* is a book by Raquel Jaramillo, under the pen name of R.J. Palacio. The book was published on February 14, 2012. R.J. Palacio wrote *Wonder* after his son met a girl with severe facial deformity and started to cry. Get up, get out, and read the book! You can borrow the book from the school library.
