

## Class Rules and Expectations

Mrs. Adriance – Math

- Everyone is expected to arrive to class on time.
- Come to class prepared with your supplies.
- Upon arrival, check homework and then take out your book and pencil and be ready to work.
- Homework is NOT OPTIONAL. All homework must be completed by due date or points will be taken from your homework grade.
- Participate in class – ask questions!
- When a quiz or test is returned, correct your mistakes. **We learn from our mistakes!**
- You can request a retake for a TEST. You must notify me of your intention the day after the test is returned. You have one week to complete the steps on the re-assessment form and schedule the retake. The goal is to understand the material.
